

Keep Hackers Out

(AND YOUR PERSONAL DATA IN)

Social Media Tips from
the Nebraska Attorney General's Office

- Don't give anyone access to your account.
- Make your profiles private.
- Set up two-factor authentication.
- Set up alerts for unrecognized logins.
- Change your password often and make sure it is complex.
- Don't save your password on third-party websites.
- Don't click on links sent to you by people you do not know.
- Remember to log out if you use someone else's device.
- Don't message people you do not know.
- Back up your social media pictures and posts so you can still access a copy if you are hacked.
- Scammers may send links through hacked accounts of people you know. Check with your friends before clicking links they send.
